EXECUTIVE TEAM CONSOLIDATED WITH CFO APPOINTMENT

Navigator Resources Limited ("Navigator", ASX:"NAV") is pleased to announce the appointment of Gerry Kaczmarek to the position of Chief Financial Officer (CFO) of the Company. This appointment, commencing initially on a fixed short-term basis, is consistent with Navigator's ramp-up towards finalising the acquisition of the Bronzewing Gold Project and its planned recommissioning later this year.

Gerry Kaczmarek has a successful track in senior finance roles, notably as Chief Financial Officer and Company Secretary for gold producer Troy Resources NL for the period 1998 to 2008.

The appointment of an inaugural CFO to the Company completes the senior executive management team at Navigator, under the leadership of recently appointed Managing Director, David Hatch. With these appointments, directors Allan Trench and Ian Macpherson will resume their non-executive roles.

The Board of Navigator also takes this opportunity to clarify the position of former Managing Director Tom Sanders who remains as a non-executive director with the Company.
